**To Whom It May Concern**

Dear Sir/Madam

This is to confirm that all the staff and directors at Denith Engineering have been dealing with Julie Coetzer at XL Absolut Travel since 2008. Julie attends to all of our corporate travel arrangement requests as well as our leisure requests and cannot be faulted. We have never been late for a meeting or had to run to catch a plane. Her attention to detail and care she puts in to each booking is as if she herself were the traveller! I would highly recommend Julie and her colleagues in her company to anyone who is looking for a travel agent who offers far more than a superb all round service

Yours Sincerely

Robert Denovan  
Director
